15TH YEAR. NO. 11. SALEM, OHIO, WEDNESDAY, JANUARY 14, 1903. TWO CENTS.

A WELL KEPT DISGRACE TO COUNTY

Is What the Grand Jury Pronounced Columbiana Jail---Recommends Reconstruction of Old Bastile.

ALSO SUGGESTS ERECTION OF HEATING AND LIGHT SYSTEM.

Lisbon, Jan. 14.—(Special.)—The grand jury closed its work Tuesday forenoon, and on the assembling of court immediately after dinner Tuesday, submitted the following report of its work:

"To the Honorable Court of Common Pleas, Columbiana County, Ohio:

"This grand jury was empaneled Monday, January 12, 1903, at 1 o'clock p. m., and after instructions from the honorable court, at once commenced the investigation of cases presented by Prosecutor J. H. Brookes.

"We investigated 28 cases, examined 48 witnesses, found 22 indictments and ignored six cases.

"In compliance with the instructions of the court, we visited and inspected the county jail and found the cells and prison apartments in as good and cleanly a condition as they could possibly be made. The rules governing the jail are being complied with in every particular, and we wish to commend Sheriff Leonard, his wife and deputies for the proper enforcement of the same and for the good condition of the jail.

"The jail is a well-kept disgrace to the county. It is antiquated, and has no modern conveniences of any kind whatever. The sanitary, lighting and heating arrangements are particularly bad. We recommend that new sanitary, heating and lighting systems be installed immedately. We recommend that the county establish and maintain an electric light plant to supply light for the county building, and that the jail be reconstructed at once. We suggest that this lighting plant be placed in the jail at once, where it can be operated with but a slight additional expense. We call attention to the need of having these improvements without delay.

"FRANK ALABAUGH,
"Foreman of the Grand Jury."

SALEM MAN INDICTED.

Lisbon, Jan. 14.—(Special.)—The grand jury, which completed its work yesterday, indicted three of the jail prisoners, as follows: Amos Whitacre, Salem, larceny of checks valued at $581.21; Frank and Harry Naugle, George Everetts and Matthew Harrington, Leetonia, assault and battery; John Michaels, East Liverpool, selling and furnishing to minors.

The six cases ignored were those against George P. McGillivary and Jennie Walters, East Liverpool; Charles Owens, Salem; John J. Higgins and George W. Saltsman, Salineville, and Albert Gamble, Lisbon.

SANITATION AND WATER SUPPLIES WILL BE DISCUSSED.

Columbus, Jan. 14.—Dr. C. O. Probst has completed the program of the thirteenth annual meeting of the state and local boards of health, which will be held in the board of trade auditorium January 29 and 30. The meeting will be called to order at 10:30 o'clock Thursday, January 29 by Dr. J. C. Crossland, of Zanesville president of the state board. Three sessions will be held on that day and the meeting will conclude Friday morning, January 30.

Among those who will deliver addresses are Dr. Walter Wellman of Washington, D. C., surgeon of general public health and Marine hospital service; Dr. W. E. Hart, Elyria; Dr. D. A. Rannells, Logan; Dr. Josiah Hartzell, Canton; Dr. W. T. Corlett, Cleveland; Arthur Rowley, mayor of Norwalk; L. E. Chapin, Canton; A. G. Fuller, Findlay; Smith Bennett, Dr. C. O. Probst, Dr. Frank Warner, Dr. T. W. Rankins, all of this city.

All the subjects relate to diseases, sanitation, epidemics and water supplies. Each will be discussed and questions will be answered.

Judge Day Will Be Toastmaster.

Canton, Jan. 14.—(Special.)—Judge William R. Day was last night chosen to act as toastmaster at the McKinley anniversary banquet to be given here on January 27, at which President Roosevelt and ex-Postmaster General Emory Smith will attend.

MEMBERSHIP INCREASING.

Semi-Annual Meeting of Molders' Conference Board.

Columbus, Jan. 13.—The semi-annual meeting of the Molders' Conference board of Columbus and vicinity, held at Bucyrus, was the best in the history of the board. The report of John O'Neal, the business agent of the board, shows with few exceptions, a general good feeling among the foundrymen towards the board. The locals constituting the conference board have increased since since the last meeting and the membership in the locals gained very largely in numbers.

Several changes were made in the roster of officials owing to the non-return as delegates from their locals. Charles F. Davis of this city was not returned and not being a delegate, retired after the proceedings and election of Delegate Pierson of Alliance to fill the vacancy. William Dutton of Massillon was not returned and his place on the executive board was given to Peter Smith of the same city. John O'Neal was continued in the position of business agent and Albert Faddis, secretary-treasurer.

Business Agent O'Neil Visited Salem.

Monday night I. M. U. local No. 307 of Alliance gave a smoker and banquet for the good of the organization. There was a large attendance and a musical program was rendered.

A feature of the session was to have been a short talk by John O'Neil of Columbus, business agent for this district of the I. M. U. Mr. O'Neil failed to reach Alliance in time for the smoker on account of late trains. He came on to that place Tuesday morning and visited some of the members, and later in the day came on to Salem. He was here today and stated that he was simply making his regular visit and that no significance attached to his presence here at this time.

GOODMAN FRANCHISE IN LEETONIA.

City Council Will Probably Take Action This Evening. Recent Developments Said to Cause Some Discontent.

Max P. Goodman of Cleveland, who is at the head of the project for the building of the electric railway line from Youngstown to East Liverpool, is expected to appear before the village council of Leetonia tonight and formally apply for a franchise to construct and operate his line through Main street of that village.

Mr. Goodman appeared before the Leetonia council a week ago, and at that time an agreement was practically reached on the terms of the franchise, and a grant was drawn up by the Leetonia city solicitor which was apparently satisfactory to both parties.

A special from Leetonia speculates as follows regarding the meeting to be held this evening, and of the possible outcome:

"Despite the fact that the desired franchise was practically granted Max Goodman, promoter of the Y. & O. R. electric line, at a council meeting a week ago, it now appears that a little trouble will be encountered in securing the adoption of Goodman's ordinance at the final reading Wednesday night. It is claimed that recent developments have caused a little ripple of discontent in this town, and that the ordinance will meet with some friction, if it is not entirely defeated, Wednesday evening."

COAL FAMINE

GROWING TO BE A SERIOUS MATTER IN SALEM.

The Salem Company Has Not Yet Resumed Operations—Country Banks Unable to Supply Demand.

Contrary to expectations the miners did not go in the coal mine of the Salem Co. on Monday. The work of rebuilding the burned tipple was not far enough along to warrant the miners' return to work. The severe weather has hindered the carpenter work, otherwise the miners would be working full time today.

One cage is in operation, but it is only hoisting enough coal to run the boilers at the mine. It is believed that the miners will go in on Wednesday for part of a day's work and that on Thursday coal will be shipped from that place.

The coal famine in this city is growing in intensity each day. There are a number of poor families that had scarcely enough fuel to keep them warm during the cold snap. Even those who have money to burn in the shape of coal have been unable to become profligate in the expenditure for the reason that the supply is about exhausted.

All country coal banks are being drawn on and even at that they are unable to supply the demand. Many a team goes to the country banks only to find a dozen teams ahead of it and is forced to return to the city without the precious fuel.

There is a considerable quantity of coal standing on cars near the Ft. Wayne station. It is reported that persons have been stealing coal from these cars in small quantities. If the supply continues as scant as it has in the past and the cold weather holds on, coal on cars will not be safe without being placed under guard.

LEAGUE OF OHIO MUNICIPALITIES

Will Meet at Dayton or Hamilton February 10—Place Not Definitely Fixed.

Columbus, Jan. 10.—The convention of the League of Ohio Municipalities, which is to begin February 10, may be held at Dayton instead of Hamilton, as at first arranged.

Dr. Griffin, secretary of the league, has returned from Hamilton and reports that Mayor Bosch of that city, who is very active in the work of the league and who was expected to shoulder the responsibility of entertaining the league, is so ill that he cannot look after the interests of the league. The city of Hamilton was chosen when it was expected that there would be no more than 100 delegates present and already reports have been received indicating that more than 300 delegates will be present. It is feared that the hotel accommodations in Hamilton will be insufficient and for that reason the convention will probably be transferred to Dayton.

Dr. Griffin has received word that delegations will attend from Wyoming, Bellefontaine, Columbus, Bridgeport, Mt. Gilead, St. Bernard, Girard, Shelby, Troy, Hillsboro, Hartwell and Marietta. These are only the advance guard. Scores of towns and cities, it is believed, will be represented.

ACCIDENT INSURANCE CO. SUED BY LIVERPOOL MAN.

Lisbon, Jan. 14.—(Special.)—Arthur E. Hill of East Liverpool has begun action in court here against the Central Accident Insurance Co. of Pittsburg, asking judgment for $1,808.58, with interest from December 30, 1902. The plaintiff alleges that he took out an accident insurance policy on January 7, 1902, good for one year, whereby the company insured him against loss of time from his occupation of real estate broker when disabilities were due solely to an accident. Mr. Hill says that on March 11, 1902, he received serious internal injuries in a street car accident, being a passenger on a car that went over an embankment between East Liverpool and Wellsville. He was totally disabled for several months, and says he has not yet regained his health. The company has refused to pay any part of the sum asked, and denies all liabilities. Judge P. M. Smith of Wellsville is the plaintiff's attorney.

McKINLEY'S BIRTHDAY

WILL BE FITTINGLY OBSERVED IN SALEM, JANUARY 29.

Trescott Post No. 10, G. A. R., Has the Matter in Hand—Meeting Will Be Held in Auditorium.

The birthday anniversary of William McKinley, Ohio's martyred president, which falls upon Thursday, January 29, will be fittingly observed by the holding of a public memorial meeting in Salem. Trescott Post No. 10, G. A. R., has taken the matter in hand, and a committee from that organization is now arranging for an appropriate celebration. The matter was taken up at the last meeting of the post and favorably acted upon.

The plan is to secure the High school auditorium for a public meeting to be held in the evening, at which a speaker of ability will make an address on the life and work of McKinley. In addition to the address appropriate music will be a feature, and if practicable the public schools will be given a part on the program.

The entertainment committee of the post, composed of the following members, will have the arrangements for the meeting in charge, viz.: Dr. A. C. Yengling, W. G. Bentley, J. D. Fountain, Henry Older and W. B. McCord.

Within a few days the speaker will be announced, and further details perfected.

The action of the post is being heartily commended by citizens who feel that the occasion ought to be observed in Salem.

THE BIG SALEM DAMAGE CASE

To Be Tried in Pittsburg, Continued Until Thursday—Witnesses to Report on That Day.

Tuesday afternoon Attorney L. P. Metzger, who is in Pittsburg as an attorney in the big damage case of E. J. Maguire et al. vs. W. D. Johnson et al., telephoned to this city that the local witnesses should not come to Pittsburg until Thursday morning.

The case was set for hearing Tuesday morning. It is believed locally that it was called and continued for a short time to allow New York parties to get to the scene of the trial. The case will probably go on Thursday and be tried to a finish.

The publication in The Daily News on Tuesday evening of all the details of this little known but important case, caused quite a stir in this city. There were many calls for The News and the edition was speedily exhausted. Today the case was the talk of the town and was on nearly every body's tongue. No other paper printed the matter in an intelligible form.

EFFECTS OF BAKERY SOLD.

This afternoon J. B. Baker, as receiver of the Thomas bakery, conducted a public sale of the effects of the concern. Morris Shriver was auctioneer, and there was a good attendance. The soda water fountain and cash register, two of the most valuable effects, were sold to Gregoris Bros. The fountain brought $505 and the register sold for $92. F. W. Miller of East Liverpool, former manager of the bakery, was present and bought some of the effects, such as chairs, etc.

To Lisbon in a Bobsled.

A party of about 15 young Salem people are arranging for a bobsled party to go to Lisbon Thursday evening. The crowd will be entertained at the home of the Mrs. Aldridge where a party will be given in their honor.

POLICEMEN'S TEST CASE

Against City of East Liverpool, Carried to State Supreme Court, Failed for Lack of Jurisdiction Under Royer Act.

NASH APPEALED TO REGARDING COAL SHORTAGE.

(FROM A STAFF CORRESPONDENT.)

Columbus, Jan. 14.—The case of Arthur Grim against the city of East Liverpool, Charles F. Bough, W. A. Weaver and S. J. Faulk has been dismissed by the Ohio supreme court for want of jurisdiction. The case has been long drawn out and stubbornly contested. The supreme court decided it had no jurisdiction because the action was filed with it during the period that the Royer act, giving the circuit court final jurisdiction in about 95 per cent of appeal cases, was in effect, and according to this ruling the decision of the circuit court in the case stands, and Grim loses the suit. The case reached the supreme court May 24, 1902. Grim sued to recover $151.75 for services rendered the city of East Liverpool as policeman from May 23, 1899, to August 29, 1899, making the city and Charles F. Bough, the mayor, and his bondsmen, W. A. Weaver and S. J. Faulk, defendants in the action. Mayor Bough suspended Grim and John Whan, another policeman, alleging dereliction of duty in that they visited saloons. Upon advice from their attorneys neither officer recognized the order of suspension and continued to act as policemen. Council refused to pay them for the service rendered while the suspension was effective, and Grim brought suit in the court of Justice of the Peace J. N. Rose to recover the sum heretofore mentioned. The jury disagreed, and another trial was held in the same court, the jury rendering a verdict for Grim allowing him a verdict of $104 against the city and $40.25 against the mayor. The defendants carried the case to the common pleas court, were defeated there, but won in the circuit court, where they took another appeal. As stated the supreme court rules that it has not authority to deal with the case, which make the decision of the circuit court final.

Gov. Nash is investigating the coal shortage. He has called in consultation with him Gen. Supt. Ralph Peters of the Pennsylvania lines, of Pittsburg, and other leading railroad and mining men, with the object of ascertaining as near as possible the actual situation. Petitions have been received by the governor from many parts of the state asking him to devise means to put a stop to the charging of extortionate prices for coal. He is willing and anxious to aid in the alleviation of the trouble, and is now trying to get light as to how he should proceed in the matter.

Hon. I. B. Cameron, treasurer of state, on Tuesday evening was elected first vice president of the Columbus Savings and Trust Co., this city, one of the largest banking institutions in Central Ohio. It has a paid up capital of $500,000.

President W. H. Haskins and Secretary-Treasurer G. W. Savage of the Ohio Mine Workers were re-elected by acclamation at the state convention Tuesday. Percy Tetlow of Washingtonville was appointed a member of the scale committee. He is president of the sub-district embracing Northern Columbiana county. Secretary Savage informed the correspondent of this paper that the Salineville local suspended for insubordination several weeks ago had not yet made any effort to get reinstated. Its charter was lifted by the parent organization. The members of the local refused to work in a mine in which three Italians members in good standing in the union were employed, in defiance of instructions of both the state and national organizations to the effect that the Italians should not be discriminated against because of their nationality.

LIVERPOOL MUNICIPAL OFFICERS' SALARIES.

East Liverpool, Jan. 14.—(Special.)—At a session of the city council here last night the following salaries were fixed as compensation for the municipal officers under the new code:

Mayor, $500 and fees, with bond of $2,000; president of council $100, bond $500; members of council $50, bond $300; city collcitor $1,000, bond $1,000; city treasurer $600, bond $40,000; members board of public safety $200, bond $500; members board of public service $600, bond $2,000; city auditor $1,000; chief of police $1,200; clerk for mayor and board of public safety, $40 per month.

Mrs. Shaffer's Suit Filed.

Lisbon, Jan. 14.—(Special.)—Mrs. Sarah E. Shaffer of Salem has filed a suit in common pleas court, asking $2,000 damages from Daniel H. Sharpnack, Frank C. Moff and Henry C. Moff, for selling liquor to her husband after they had been notified that he was an habitual. The details of this suit have already been published in The Daily News.

D. E. ROGERS' CONDITION ALMOST HOPLESS.

Alliance, Jan. 14.—(Special.)—Last evening Mrs. Rogers, wife of D. E. Rogers, the attorney of this city who went insane suddenly some time ago, received a telegram from Cuyahoga Falls, where he is confined in a sanitarium, stating that he was much worse, and asking her to come at once. There were no trains until this morning, when Mrs. Rogers, accompanied by Attorney Hart, went to Cuyahoga Falls. When they arrived there they found Mr. Rogers much better mentally. He recognized his wife and conversed with her. The attending physicians say his improvement is but temporary and presage an early demise.

FAKE ROUTE FOR ELECTRIC LINE HAS NOT YET BEEN ADOPTED.

E. R. Merrell of Alliance, right of way man for the Stark Electric Railroad Co., was in the city today on business. Mr. Merrell stated that he is working on rights of way for the line at Beloit. He is making that place his headquarters at present and working this way. He remarked that the cold weather and other hindrances made it slow work at present. He will come to Salem soon and locate here while he works on rights of way in this vicinity.

A few days ago a local paper undertook to outline the route of the Stark line from this city to Beloit. The paper stated that the road would come into Salem on West Dry street and would cross the Ft. Wayne tracks on an over-head bridge. Mr. Merrell had not seen the story, but when informed as to its trend took a good hearty laugh. He remarked that the enterprising paper had even gone ahead of the company's management in knowledge of its business. Mr. Merrell said it must have been a severe attack of headache the reporter, who wrote the story without any foundation, was laboring under when he ground it out.

The gentleman said he did not know the route yet himself, and for that reason could not outline it. Mr. Merrell said it was easy to build an electric railroad on paper, but when it came to building it on terra firma at a cost of $16,000 it was an entirely different matter.

The genial right of way man has not yet decided to call on the "railroad editor" of the local paper for assistance in defining the route of the line which is to reach Salem next year.

UNION LABEL

AS TO COUNTY BUILDINGS.

"Some days," says the Youngstown Telegram, "Mahoning county will be compelled to build a new court house. The court house is too small now, and there is little protection for public documents. The county jail is little better than a shack." The same condition prevails in Columbiana county, which is as badly off as any of her neighbors. It is a disgrace to a great and wealthy county that it has to put up with such inadequate and out-of-date buildings. The longer action is delayed the worse the situation grows. It is time to take up the question and meet it.—East Liverpool News Review.

It isn't much over 30 years since the present Columbiana county court house was built, and most of the citizens and taxpayers of the county flatter themselves that it is a pretty good building yet, and reasonably well adapted to the wants of the county. But with the jail it is quite different. The old "shack" has been condemned by about every grand jury for the last 20 years, and it is high time that it should be replaced by a structure making some pretentions of approach to the requirements of modern civilization in the treatment even of criminals.

The Salem dealer or dealers who are said to be shipping coal by rail to the larger cities, when there is almost a famine at home, do not seem to realize that the home market is the best in the long run and worthy of nursing even from a business point of view.

In the Interest of Economy.

A man who chewed 20 cents worth of tobacco a week concluded to try a tobacco cure, says an exchange. In two weeks he ate $1.50 worth of the cure, and for the next two weeks he used 10 cents worth of Yucatan, 5 cents worth of candy, 5 cents worth of cough drops per day. During these two weeks he also consumed two large rubber erasers, ate the tips from 14 lead pencils, chewed up a dozen penholders and browsed off his mustache as high as he could reach. He is now chewing tobacco in the interest of economy.

DEERFIELD WATER COMPANY TO ERECT BIG PLANT.

For some time the Deerfield Water Co. at Deerfield has been shipping out considerable quantities of the medicinal waters found there, and at present James Kerr of Cleveland, a representative of the company, is at Deerfield. He announces that the company has decided to erect a $50,000 bottling plant and to establish a trade throughout the country. The building, as planned, will be a two story structure, 152x54, and will be thoroughly equipped. The product will be shipped over the Lake Erie, Alliance & Wheeling railroad, which line passes through Deerfield. The mineral waters of Deerfield have attained considerable fame in this part of the state.

Will Go to St. Petersburg.

Attorney Harry Robinson of the firm of Arrel, McVey & Robinson, of Youngstown, and son of Judge Robinson of Ravenna, will leave shortly for St. Petersburg, Russia. By a friend of Mr. Robinson, who was commenting on the fact last night, it was stated that the young financier's trip abroad has some significance bearing on the close relations of his firm with that of Murray Verner, the Pittsburg electric railroad magnate, who holds valuable traction franchises in and about the domain of the czar.

Immersed in an Icy Stream.

Valley, Jan. 13.—(Special.)—Two young ladies of this place, the Misses Kelly, were publicly baptised Tuesday afternoon at 1 o'clock, by immersion in the run at the point, by the Rev. Mr. Yeagley, who is conducting a series of revival meetings here.

Rate Was Advanced.

Youngstown, O., Jan. 14.—At the bi monthly wage conference here yesterday between representatives of th Amalgamated Association of Iron Steel and Tin Workers and the representatives of the Republic Iron and Steel company the rate for puddling for January and February was advanced from the present rate of $6 per ton to $6.12½ per ton. The finishers also received an advance of 2 per cent. This is the highest rate paid for puddling since 1880. The wages of about 25,000 workmen are affected by the settlement.

BIG FIRE IN YOUNGSTOWN.

Ohio Mutual Insurance Co. of Salem a Loser.

John R. Vernon, president of the Ohio Mutual Insurance Co. of this city, went to Youngstown today, where he will adjust some losses sustained by the company in the big fire there Monday night. The blaze destroyed about $75,000 worth of property, consisting of a row of six frame storerooms in Federal street, adjoining the McKelvey department store. The two heaviest losers were C. W. Diebel, a merchant tailor, and Pollock & Weinberger, the stock of each being damaged to the extent of about $10,000. The entire fire department of Youngstown fought the flames for some hours, with the thermometer several degrees below zero.

Sold Their Telephone Stock.

Local troubles in the Beaver Telephone Co., a small local company with 100 subscribers in and near North Lima, and which has connections with the Columbiana County Telephone Co. of this place, have caused a large number of their stockholders to to become dissatisfied and to sell their stock. Calvin Hollibaugh, a coal operator near North Lima, is the purchaser. The dissatisfaction arose over the recent election of officers by the company, disputes arising concerning the management. It is hinted by those who have withdrawn that they may establish an independent line.

AN OBJECT LESSON

In a Restaurant.

The physician puts the query: Have you never noticed in any large restaurant at lunch or dinner time the large number of hearty, vigorous old men at the tables; men whose ages run from 60 to 80 years; many of them bald and all perhaps gray, but none of them feeble or senile?

Perhaps the spectacle is so common as to have escaped your observation or comment, but nevertheless it is an object lesson which means something.

If you will notice what these hearty old fellows are eating you will observe that they are not muncing bran crackers nor gingerly picking their way through a menu card of new fangled health foods; on the contrary they seem to prefer a juicy roast of beef, a properly turned loin of mutton and even the deadly broiled lobster is not altogether ignored.

The point of all this is that a vigorous old age depends upon good digestion and plenty of wholesome food and not upon dieting and an endeavor to live upon bran crackers.

There is a certain class of food cranks who seem to believe that meat, coffee and many other good things are rank poisons, but these cadaverous, sickly looking individuals are a walking condemnation of their own theories.

The matter in a nutshell is that if the stomach secretes the natural digestive juices in sufficient quantity any wholesome food will be promptly digested if the stomach does not do so and certain foods cause distress, one of two of Stuart's Dyspepsia Tablets after each meal will remove all difficulty because they supply just what every weak stomach lacks, pepsin, hydro-chloric acid, diastase and nux.

Stuart's Dyspepsia Tablets do not act upon the bowels, and in fact are not strictly a medicine, as they act almost entirely upon the food eaten, digesting it thoroughly, and thus gives a much needed rest and giving an appetite for the next meal.

People who travel nine out of ten use Stuart's Dyspepsia Tablets, knowing them to be perfectly safe to use at any time and also having found out by experience that they are a safeguard against indigestion in any form, and eating as they have to, at all hours and all kinds of food, the traveling public for years have pinned their faith to Stuart's Tablets.

All druggists sell them at 50 cents for full sized packages and any druggist from Maine to California, if his opinion were asked, will say that Stuart's Dyspepsia Tablets is the most popular and successful remedy for any stomach trouble.

HELD A CONFERENCE.

Mayor, Councilmen and Coal Dealers of Bellevue, O., Confiscate Coal.

WAS DISTRIBUTED TO CITIZENS.

Many Pitiable Scenes of Poor Men and Women Pleading for Portion of the Fuel—All the Wagons in Town Pressed Into Service.

Toledo, Jan. 14.—A special to the Times from Bellevue, O., last night said: "The fuel situation in Bellevue today reached an acute situation and a conference of the mayor, councilmen and coal dealers was held. It was learned that there were eight cars of anthracite coal in the local yards of the Wheeling and Lake Erie railroad, and it was decided to confiscate the coal. The fire bell was rung, and the mayor and councilmen, followed by a small army of citizens, armed with shovels, marched to the railway yards and unloaded the cars in record breaking time. The mayor issued orders with the village seal and the coal was distributed to citizens through the local dealers at the rate of $8 a ton.

"A further search was made and several cars of soft coal were found and unloaded in a like manner. About every wagon in town was pressed into service and the work of delivering the coal was kept up until midnight.

"During the raid there were many pitiable scenes of poor men and women pleading for some of the coal, and the work of carrying it away in various kinds of receptacles followed."

Coal Situation Serious.

Canton, O., Jan. 14.—The coal situation is becoming serious in Canton. Several shops have been obliged to close down. The Canton-Akron electric railway, supplying 50 miles of line from the power house here, including lines to Akron, Massillon and Nevarre, and local lines in Canton and Massillon, is running cars on half schedule, owing to the scarcity of fuel, and unless coal soon arrives will have to suspend entirely.

Ordered Set at Liberty.

Toledo, Jan. 14.—The workhouse board has issued an order setting at liberty all prisoners held for stealing coal from the railway yards and tracks. The order includes directions to the superintendent to receive no more prisoners from any court sending them in for petty coal thefts. It is explained that no prosecutions for coal thefts will be recognized by the board during the coal famine.

The Hahn Case.

Mansfield, O., Jan. 14.—The attorneys for former State Insurance Commissioner Hahn, wanted in New York, on the charge of larceny of the funds of a fire insurance company, argued a motion yesterday to continue the case in the circuit court. The court's decision will be announced tomorrow. Attorney General Sheets was present and concurred in the motion for postponement, which was opposed by the attorneys for the state of New York. Mr. Sheets says certain representations have been made to the governor by the attorneys for Mr. Hahn and that further time is desired to investigate them. If the claims of the attorneys shall be proved, it is said, the governor may revoke the warrant issued for the extradition of Mr. Hahn.

Dislocated Her Shoulder.

Mrs. Johanna Soderholm of Fergus Falls, Minn., fell and dislocated her shoulder. She had a surgeon get it back in place as soon as possible, but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her and enabled her to sleep, which she had not done for several days. The son was so much pleased with the relief it gave his mother that he has since recommended it to many others. For sale by Bolger & French.

BAPTIST CONFERENCE

At Canton—Tuesday's Sessions—Salem Minister Makes Address.

Canton, Jan. 14.—The Evangelistic conference of the Wooster Baptist Association began its sessions here Tuesday afternoon at 2 o'clock in the lecture room of the First Baptist church. There was a large attendance at the opening meeting and some important topics were discussed by the members of the association.

The meeting was opened by Rev. C. B. Allen of this city, who gave a short address. The afternoon program included addresses by Rev. A. W. Fley of New Philadelphia, on the subject of "A Revival Needed;" Rev. J. M. Criswell of Alliance on "How Can We Aid Our Weak Churches?" and several talks by representatives of the various Baptist churches in the association.

The evening session commenced at 7 o'clock. There was a song service at the beginning of the meeting, conducted by S. J. Smith of this city. At 7:15 there was an address given by Rev. E. O. Hall of Massillon on "The Power and Place of the Word in Revivals." At 7:40 "The Power and Place of Prayer in Revivals," was the subject of an address by Rev. Ross Matthewes of Salem. At 8 o'clock Rev. I. M. Lockhart of Wooster gave a short talk on the subject of "The Personal Faction in Revivals."

Big Legal Fight Expected.

Tiffin, O., Jan. 14.—A big legal fight is looked for over the settlement of the estate of Mrs. Catherine Hoyt who died here last week. She was the wife of Reuben M. Hoyt, a New York multi-millionaire, from whom she was seeking a divorce. Two wills were filed for probate yesterday, and later ones are looked for. One dated December, 1900, bequeaths the estate valued at several hundred thousand dollars, to her husband, except $24,000 to her parents. A later will makes Rufus Gass, her brother, of Tiffin, the sole heir.

Don't Worry.

This is easier said than done, yet it may be some help to consider the matter. If the cause is something over which you have no control it is obvious that worrying will not help the matter in the least. On the other hand, if within your control you have only to act. When you have a cold and fear an attack of pneumonia, buy a bottle of Chamberlain's Cough remedy and use it judiciously and all cause for worry as to the outcome will quickly disappear. There is no danger of pneumonia when it is used. For sale by Bolger & French.

Heavy Sentences.

St. Louis, Jan. 14.—Judge Adams, in the United States district court yesterday, sentenced John Pickler, post-office annex robber, to 10 years' imprisonment for robbing a mail pouch; a life sentence for assaulting the carrier and 10 years on a third count for stealing unclassified mail.

Croup.

The peculiar cough which indicates croup is usually well known to the mothers of croupy children. No time should be lost in the treatment of it, and for this purpose no medicine has received more universal approval than Chamberlain's Cough Remedy. Do not waste valuable time in experimenting with untried remedies, no matter how highly they may be recommended, but give this medicine as directed, and all symptoms of croup will quickly disappear. For sale by Bolger & French.

MISS MAY MARKELL,

A Society Belle of London, Canada.

Miss May Markell.

MISS MAY MARKELL of London, Ontario, Canada, is a beautiful girl who knows what suffering is and Wine of Cardui has brought her back to health. She is one of the social favorites of her home and her recovery to health has permitted her to enjoy the company of her many friends instead of lying on a bed of sickness and suffering. For the health she now enjoys she gives credit to Wine of Cardui. She writes:

"I have found Wine of Cardui an excellent remedy for female trouble. I suffered for three years with terrible bearing-down pains at the menstrual period. I could hardly stand on my feet and was never real well. Wine of Cardui was the only medicine that I could depend on to do me any good, as I tried several with no success. Wine of Cardui cured me and I have now enjoyed perfect health for two years, and give you all the credit for I know you deserve it."

For a young girl Wine of Cardui is the best remedy to guide her through womanhood by starting the menstrual flow in a healthy and natural manner. Menstruation started right is very easy to keep regular through the years of mature womanhood. Then the "change of life" need not be feared. Thus Wine of Cardui is woman's best relief from youth to old age. A million women have secured blessed relief from their sufferings by taking this treatment. It relieves menstrual troubles in an incredibly short time. In a simple case of deranged menses Wine of Cardui never fails. To relieve disordered menses is to remove the cause of other female troubles. Any physician will tell you that to remove the cause of a disease renders the cure easy, in fact seldom fails to complete the cure. If you would have the same relief which Miss Markell secured try Wine of Cardui. You can take it without an examination and without any publicity whatever. You can take it in the privacy of your home and secure just as much benefit as if a doctor had prescribed it for you. Thousands of women are feeling the vigor of returning health by taking Wine of Cardui.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

Diseases Caused by Measles.

Dr. Miles' Restorative Tonic and Nervine Cured After Thirty-one Years.

"I was a perfectly healthy young man up to February 1865. When my regiment was in Camp Randall I wastaken sick with the measles and I did not enjoy good health up to the time I used Dr. Miles' Restorative Nervine and Tonic in 1896. Doctors have told me it came from inactivity of the liver. I cannot say how many physicians did treat me but have had all kinds. Dieting has never helped me. Biliousness, attacks of headache, rheumatism, nasal catarh, hay fever, asthma, and chronic diarrhoea; have all taken their turn with me. Thanks to the Nervine and Tonic I am completely restored to health. I have also used Dr. Miles' Anti Pain Pills with good results and I think that the Dr. Miles Remedies are perfect."—Rev. Hiram Bender, Sparta, Wis.

"I want to say a few good words for Dr. Miles' Restorative Nervine. I have been troubled very much with insomnia since I made the change to the new paper and on account of this have tried various remedies without relief. I was finally induced by a wholesale druggist, a personal friend of mine, to try Nervine. I can assure you it has done me a lot of good. I do not find it necessary to use it regularly now but occasionally when I find that I am excessively nervous and restless I again take it up as I always keep a supply on hand. It has never failed to give me the desired relief."—A. Huegin, Publisher "Daily Free-Press" Milwaukee, Wis.

SOCIAL AND PERSONAL.

Miss Esther Butler of Damascus, who returned several months ago from her missionary station at Nanking, China, and who has been visiting at the home of her parents near Damascus, left Monday morning for China to resume her work at the mission station. She went to Cleveland, where she will be joined by Mrs. Hattie Schymer of that city and Miss Eva Pennington of Rhode Island, who will make the trip with her and take up work at Nanking. The party will go on to San Francisco within a few days, and sail for China January 20. Miss Butler delivered her farewell sermon at Damascus Friends' church last Sunday.

Will Travel in Europe.

Miss Lucy Hampson, daughter of Mr. and Mrs. R. V. Hampson, of Franklin avenue, will leave Thursday evening for New oYrk city, going by way of Cleveland, from which place she will sail with a party of friends on February 4 on an extended Mediterranean trip.

The party will include Mr. and Mrs. J. H. Whittemore and Miss Whittemore of Naugatuck, Conn., and Miss Hampson. The trip will include visits to the principal points of interest in the Holy Land, Egypt, Italy, Greece, France and England, and will consume the space of several months.

Miss Hampson will visit her sister, Mrs. eGorge Shephard, at Cleveland, for a few days, and will go on direct to Montclair, N. J., the latter part of the week, where she will visit Mr. and Mrs. J. R. Thomas until the party sail.

Invitation Dance.

The first dance of a series for which Mrs. Adda Whitton has issued invitations will be given this evening at the assembly room of the Calumet club. Invitations have been issued to members of the club, and also to the members of the dancing classes of the past two seasons, and quite a large attendance is looked for at the opening dance. Mrs. Whitten will furnish piano music.

Travelers' Club.

The weekly, and annual meeting of the Travelers' club was held Tuesday afternoon. These officers were elected for the ensuing year: President, Miss Margaret Russell; vice president, Mrs. Susan Matthewes; secretary and treasurer, Mrs. Rosella W. Townsend. An excellent paper on "Schiller" was given by Miss Alice Penrose, while "The Story of William Tell" was given very entertainingly by Mrs. Ella Snyder. Live topics were discussed under the head of "Current Events," by Mrs. Debbie French.

Will Remove to Pittsburg.

Mrs. John Kelly of Pittsburg is here visiting for two weeks at the home of her mother, Mrs. Mary Doyle of East High street. Mr. Kelly has just accepted a responsible position with the Pittsburg Manufacturing Co. Mrs. Kelly will pack their household goods at once, vacating their residence in McKinley avenue, and store them until spring, when Mr. and Mrs. Kelly expect to go to housekeeping in Pittsburg.

A Plain Statement of a Bad Condition and a Cure That Never Fails.

Mr. Jesse Dixson of No. 13 Columbia street, Salem, Ohio, says:—"My back and side was the seat of considerable pain—the limbs were swelling quite badly and I felt depressed. Dr. A. W. Chase's Nerve Pills were called to my attention and I got some at Bolger & French's drug store. I am glad to be able to say the medicine was just what I needed. The pain in side and back disappeared completely and the swelling of the limbs about gone. I am sure now a little more medicine will drive even what is left of that away for good, as I feel so generally well again."

The "Nyctalops," is the latest thing in villains, and is according to the dictionary, "one who can see at night." This queer and unique character appears in "The Great White Diamond" which comes to the Opera House Friday night. Walter Fessler, the author, is the first and only playwright in the world to introduce the subject of nyctalopia into the dramatic field. This peculiar disease makes the unhappy possessor sightless in the light. There is something so unusual and weird about so strange a physical failing that, as did the character of Svengali in "Trilby," so does the character of Pietro Landazza, the Nyctalops, attract. While Nyctalopia is a rare disease, still it does exist, and Mr. Fessler has founded his new villain on good sound medical authority, of which there can be no dispute. The play is one of strong heart interest, filled with bright comedy and stirring situations. 10-h

PE-RU-NA NECESSARY TO THE HOME.

A Letter From Congressman White, of North Carolina.

HON. GEORGE H. WHITE.

Congressman George Henry White, of Tarboro, N. C., writes the following letter to Dr. Hartman in regard to the merits of the great catarrh cure, Peruna:

House of Representatives,
Washington, Feb. 4, 1899.

Peruna Medicine Co., Columbus, O.:

Gentlemen—"I am more than satisfied with Peruna, and find it to be an excellent remedy for the grip and catarrh. I have used it in my family and they all join me in recommending it as an excellent remedy."

Very respectfully,
George H. White.

Mrs. Nannie Wallace, Tulare, Cal., President of the Western Baptist Missionary Society, writes:

"I consider Peruna an indispensable article in my medicine chest. It is twenty medicines in one, and has so far cured every sickness that has been in my home for five years. I consider it of special value to weakly women, as it builds up the general health, drives out disease and keeps you in the best of health."—Mrs. Nannie Wallace.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advise gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

DEATH RECORD.

Mrs. Elizabeth Pidgeon.

Mrs. Elizabeth Pidgeon, one of the oldest and best known residents of this city, died Tuesday evening at her home at No. 209 Franklin avenue.

Mrs. Pidgeon had not been ill, aside from a slight cold. On Tuesday she was about the house as usual and, being very rugged for one of her age, undertook to do a light washing. This she accomplished successfully. After supper she appeared well and hearty. She sat down before a grate fire and conversed cheerfully with her daughter, Mrs. Ella Parker, of Pittsburg. About 7 o'clock, without a word of warning, Mrs. Pidgeon suddenly sank back in her chair unconscious, but with a peaceful smile on her face. Mrs. Parker rushed to her mother's assistance and at once summoned help. Dr. O. A. Rhodes was at hand five minutes after the occurrence but the woman had evidently died in her chair.

The physician is of the opinion that Mrs. Pidgeon had a slight and sudden attack of heart trouble, something from which she had never suffered at all before.

The maiden name of deceased was Elizabeth Smith. She was born in Harrisburg, Pa., on July 24, 1824. When she was about 9 years old she with her parents, moved to Salem. Since that time she was continually a resident of this place. It is questionable whether there is another Salem person now living who has resided here as long as she had, almost 70 years.

About 60 years ago the deceased was married to William Pidgeon. His death occurred in 1891. She was the mother of six children, three of whom survive as follows: William H. Pidgeon of this city, who is working at Uniontown, Pa.; Mrs. Ella Parker of Pittsburg and D. E. Pidgeon, who resides a short distance south of Salem. The following brothers and sisters survive: Henry Smith of Akron, Jacob Smith of the Soldiers' home at Sandusky, Mrs. Rachel Silver of Temple, Texas, and Mrs. Susan Fliteraft of Race street, this city.

The deceased was a charter member of the Christian church and was a faithful attendant at all services. She had many friends who were drawn to her by the Christian spirit she always manifested.

Funeral services will be held from the Christian church Friday afternoon at 2 o'clock in charge of Rev. Walter Mansell. Interment will be in Hope cemetery.

ALLIANCE LEADER SOLD.

The Morgans, of The Morgan Engineering Works, Interested.

Alliance, Jan. 14.—(Special.)—The sale of the Alliance Daily and Weekly Leader plant was consummated last night. The price paid was $10,000, and the purchasers are Henry Morgan, W. H. Ramsey, Edwin Morgan, Col. Butler and Ed A. Beesan. The plant was bought from Fred Wadsworth, who recently acquired it from W. R. Wadsworth.

The purchasers are largely interested in the Morgan Engineering works and have posed as unfriendly to organized labor. Locally it is believed that the papers will be made the organs of the non-union element. The papers have been Democratic, but as the Morgans are Republicans it is safe to say the politics of the outfit will undergo a thorough remodeling.

For the present the editor, W. R. Wadsworth, will remain with the new concern.

Fixing Date for Convention.

The secretary of Salem lodge No. 142, Knights of Pythias, which will entertain the district Knights of Pythias convention within the next few weeks, has received a communication from District Deputy Beatty of Akron, under whose direction the convention will be held, relative to the date of the event. Mr. Beatty states that from present indications the convention will be set for the evening of March 4, which falls upon Wednesday evening. This date, states Mr. Beatty, seems to be the most convenient for the state officers to attend. Mr. Beatty will probably be here within a short time and definitely fix the date.

Court Will Re-District Alliance.

Alliance, Jan. 14.—(Special.)—A petition to have the common pelas judges re-district Alliance under the provisions of the new code was filed today in Canton. The city council failed to agree on re-districting, and the matter went over to common pleas court by default.

Redbirds Becoming Scarce.

A man residing a short distance north of the city reports that on Tuesday he saw a redbird about his home. The gorgeously clad little fellow was picking food with some English sparrows, but appeared to be too proud to mingle much with such common birds. Some years ago redbirds were quite common in this vicinity. Now they have been so far exterminated that it is a rare thing to see one.

THE NEW INSTRUMENT WORKS SATISFACTORILY.

The new Johnson thermostadt, which was recently purchased and installed in connection with the Smead system of heating and ventilation in the High school building last week, is now in service, and so far this week has worked very satisfactory, standing the test of the severe weather well. The instrument has been in operation since Monday, and a large majority of the teachers and pupils of the building have made pilgrimages to the furnaces to see it in operation. The instrument has been inspected by the members of the board of education, and found satisfactory to them.

STRONGEST EVIDENCE OF FAITH.

M. S. Hawkins and Bolger & French Guarantee That Hyomei Will Cure the Worst Case of Catarrh in Town.

When one of the most reputable concerns in town guarantees that a medicine will effect a cure or they will return the money, it speaks volumes as to the merit of that remedy. It is in this way that M. S. Hawkins and Bolger & French are selling Hyomei, the treatment that has made so many remarkable cures of both acute and chronic cases of catarrh in town and vicinity.

Hyomei is not a pill, nor is it a liquid that has to be taken with a tablespoon or wine glass. Just breathe it by the aid of an inhaler that comes in every outfit and benefit will be seen from the first treatment.

It destroys all germ life in the air passages and lungs and enriches and purifies the blood with additional ozone. It cures catarrh of the head and throat, or of the stoamch, liver and kidneys. Wherever mucous membrane contains catarrhal germs there Hyomei will do its work of healing. When using this treatment the air you breathe will be found like that on the mountains high above the sea level, where grow balsamic trees and plants which make the air pure by giving off volatile antiseptic fragrance that is healing to the respiratory organs.

Remember that if Hyomei does not cure you M. S. Hawkins and Bolger & French will refund your money. This is a good time to cure catarrh by this natural method and prevent catarrhal colds that are so common at this season.

It is believed that 25 grocers will attend the banquet.

Blizzard's Backbone Broken.

The backbone of the blizzard and cold snap, which has held this vicinity in its grip for more than a week, broke Tuesday night. This morning thermometers registered about 12 degrees above zero, quite comfortable weather considering what has been coming this way for several mornings past.

PERSONAL MENTION.

Mrs. J. C. Cooley went to Garfield today on a short visit.

J. Myers of Sebring was in the city over night on business.

James Morrison returned yesterday from a brief visit with friends at Youngstown.

Mrs. J. C. King of Cleveland is visiting her sister, Mrs. A. J. King, of McKinley avenue, and will be here for a few weeks.

Mrs. R. C. Votaw of Conway, Pa., returned to her home today after a visit with her parents, Mr. and Mrs. Peter Williard, south of this city.

Walter Hawkins, waiter at C. J. Roller's restaurant in this city, is at his home in East Rochester, convalescent from an attack of chickenpox.

Frank Trotter, who has taken a position with the Salem Tool Co., left this morning on a short business trip in the interest of the company.

Mr. and Mrs. G. J. Whittenberger of New Middletown, who were called here Saturday to attend the funeral of Mrs. Whittenberger's mother, Mrs. Charles D. Strawn, returned to their home today.

Harry, son of Mr. and Mrs. Charles Ward, of Washington street, is recovering from a severe illness. He was at first thought to be threatened with pneumonia, but the case has resolved itself into the grip.

Mrs. Lydia Thompson, whose home is in Iowa, has been visiting in this vicinity for some ten days past, having been called here on account of the death of Sarah Brantingham at Winona. She has gone to Barnesville to visit her daughter, who is attending a boarding school there.

A. L. Bagnall and L. D. Hilles, who constitute the firm of Bagnall & Hille, electrical engineers of Yokohama, Japan, and eastern representatives of the Buckeye Engine Co. of this city, are in town today, having come in from New York city this afternoon. Mr. Hilles will leave tonight for Chicago.

Big Game.

C. F. Thomas, proprietor of the Greiner-Brainard, has received a fine elk head which he purchased recently from C. Wendroth. Mr. Wendroth killed the elk last season in the Jackson Hole country in Wyoming. He is a great hunter, and every season finds him in the wilds in quest of big game. Recently he returned from a successful hunting trip in the wilds of Mexico. Mr. Wendroth is the proprietor of the Anderson hotel at Cresson, Pa. The head Mr. Thomas purchased is about the largest in the city. The horns are not entirely perfect, some of the tips being broken from the points. The horns have 13 points, and there is no head in the city with as many. The beams are light and long, and the scalp is in fine condition and well mounted.

Pennsylvania's Stockholders.

It was recently given out that the number of stockholders of the Pennsylvania Railway Co. was 32,000. It now appears that its stockholders of record are today about 29,000.

Since Pennsylvania railroad stock has become more active in New York and additional facilities furnished for transfer there, the breach between technical ownership and actual ownership has been considerably enlarged.

Poultry Show at Canton This Week.

Canton, Jan. 14.—The poultry, pigeon and pet stock show opens at the tabernacle January 17, and will last until the following Tuesday. It will be given under the auspices of the Canton Poultry Association, and the indications are that the exhibits will be more numerous than ever before in the history of the city. Local managers have been notified that Salem fanciers will enter fowls in the exhibition.

His Father Critically Ill.

H. D. Miller, a motorman on the lines of the Salem Electric Railway Co., was summoned to his old home at Berkley, W. Va., today by a message to the effect that if he desired to see his father alive he should come at once. He left on the morning flyer and will reach Berkley at 9 o'clock this evening. His father is William Miller and he is advanced in age.

CONVERSE & COMPANY.

CARS GO LOADED BOTH WAYS.

The Pennsylvania Co. is not wasting any time these days hauling empty cars. Last summer it was a frequent occurrence to see a long train of "empties" making its way east or west. Now an empty car is gobbled up as quickly as would be a lump of coal.

Tuesday there passed through this city, westward bound, a long train of cars loaded with coke from the Frick ovens and consigned to the Illinois Steel Co. There were 35 cars in the train, and of these 20 were fine cattle cars. The latter had been sent to Pittsburg full of cattle and were loaded there with coke.

This indicates that the company has not cars enough at its disposal or it would not damage cars made especially for the shipment of cattle by loading them with coke and coal.

An Ideal Woman's Medicine.

So says Mrs. Josie Irwin, of 325 So. College St., Nashville, Tenn., of Lydia E. Pinkham's Vegetable Compound.

Never in the history of medicine has the demand for one particular remedy for female diseases equalled that attained by **Lydia E. Pinkham's Vegetable Compound**, and never during the lifetime of this wonderful medicine has the demand for it been so great as it is to-day.

From the Atlantic to the Pacific, and throughout the length and breadth of this great continent come the glad tidings of woman's sufferings relieved by it, and thousands upon thousands of letters are pouring in from grateful women saying that it will and positively does cure the worst forms of female complaints.

Mrs. Pinkham invites all women who are puzzled about their health to write her at Lynn, Mass., for advice. Such correspondence is seen by women only, and no charge is made.

SPIRITED SPEECHES.

Reciprocity Provision of Dingley Act Causes a Lively Time in the Senate.

POLITICAL DEBATE IN HOUSE.

Good-Natured Contest Between General Grosvenor, of Ohio, and Mr. Clark, of Missouri, During General Debate on Army Appropriation Bill.

Washington, Jan. 14.—The proceedings of the senate yesterday were enlivened by several spirited speeches affecting the reciprocity provision of the Dingley act. While the Vest resolution requiring the committee on finance to report a bill removing the duty on coal was under discussion Mr. Dolliver, of Iowa, vigorously attacked those senators responsible for the holding up of reciprocity treaties in the senate. He defended Secretary Shaw for issuing the order instructing collectors of customs to resolve differences regarding the grade of coal in favor of the importer. It was true, he declared, that Mr. Dingley had put the tariff rates high so that they could be reduced by reciprocity agreements.

This statement caused Mr. Aldrich vehemently to denounce Mr. Dolliver and others for making it. The only intention, he said, of the reciprocity provision of the Dingley law was to secure agreements on non-competitive products and he contended that it was not to be expected that a Republican administration would negotiate treaties which would strike at the heart of protection.

The resolution went over until today, after Mr. Tillman had given notice that he would then "string a live wire" and lay the blame for the present coal situation at the door of the president and the attorney general.

Mr. Nelson concluded his remarks in opposition to the statehood bill, and at 4:10 o'clock the senate went into executive session, adjourning soon afterward.

In the House.

For the first time since the opening of this session of congress the house was regaled yesterday with a lively political debate. General Grosvenor, of Ohio, and Mr. Clark, of Missouri, crossed swords during the general debate on the army appropriation bill, and for two hours both sides of the house cheered on their respective spokesmen. The contest was entirely good natured. It grew out of a controversy which Mr. Grosvenor and Mr. Clark have been carrying on in the newspapers over the former's statement in the house last December that the Democratic party had been wiped out at the last election.

General Grosvenor yesterday undertook with figures to sustain his contention and Mr. Clark, also with figures, to prove that the Democrats had an "even chance" to win the presidency in 1904. There were several brilliant clashes and the house and the galleries were greatly entertained.

The remainder of the day was occupied by Mr. Hull (Rep., Ia.), who argued against the abandonment of the army transport service; Mr. Shattuc (Rep., O.), who assailed Edward Atkinson and the anti-imperialists; Mr. Moon (Dem., Tenn.), who denounced the refusal of the house leaders to allow consideration of the Indian territory statehood bill and who announced a policy of obstruction that he intended to pursue unless consideration was given it; Mr. Swanson (Dem., Va.), who argued the necessity for tariff revision, and Mr. Gaines (Dem., Tenn.), who argued the immediate advisability of placing coal on the free list. The house at 5:15 p. m. adjourned.

Recommends Ratification.

Havana, Jan. 14—Domingo Mendez Capote, president of the senate and member of the foreign relations committee, has completed his report on the reciprocity treaty. He has informed the correspondent of the Associated Press that his report recommends the ratification of the treaty in toto and without amendment. The report will be submitted immediately to the full committee, which is expected to report to the senate this week. Senor Capote believes there will not be much discussion of the matter, either by the committee or by the senate.

Offered to Judge Day.

Cleveland, Jan. 14.—The Washington correspondent of the Cleveland Leader telegraphed that paper last night as follows: "The place on the supreme court bench that was tendered and declined by Governor W. H. Taft, of the Philippine islands, has been offered to William R. Day, of Canton, O., and it is understood that Mr. Day will accept the appointment. Mr. Day is now a United States circuit judge of the Sixth district."

Credited to Conscience Fund.

New York, Jan. 14.—A man who refused to disclose his identity called on the city chamberlain yesterday and handed him five $1,000 bills. The stranger said he had been troubled mentally for some time over a financial indebtedness to the city. The money was credited to the "conscience fund."

No Change.

New York, Jan. 14.—The condition of Abram S. Hewitt was reported last night to have undergone practically no change since Monday.

NEWS OF THE NATIONAL CAPITAL

After mature consideration it has been decided by the president that Judge Taft shall remain in the Philippines as civil governor.

Representative Jones, of Virginia, introduced a bill in the house yesterday extending the coinage system of the United States to the Philippine islands.

Advices received yesterday morning from Annapolis state that the condition of Secretary Moody, who was injured in a runaway Sunday, is considered satisfactory.

The house committee on invalid pensions has favorably reported a bill granting a pension of $100 a month to the widow of General Franz Sigel. Mrs. Sigel is now 67 years old.

A bill was introduced yesterday by Representative Cochran, of Missouri, to authorize national banks to issue currency secured by the deposit of United States, state and municipal bonds.

Brigadier General Leonard Wood has applied for service in the Philippines and his request has been granted. He will go to Manila in April, and it is expected that he will be assigned to command in Mindanao.

The ways and means committee of the house yesterday decided to report a bill providing for a rebate equal to the duty now imposed on all kinds of coal coming from all countries for a period of one year. It is expected that the bill will be called up in the house at once.

The naval appropriation bill, which has been prepared by the sub-committee of the house committee on naval affairs, carries a little less than the amount appropriated last session and authorizes the construction of three large battleships and one cruiser, two steel training ships and one wooden brig for training purposes.

Representative Fowler, chairman of the house banking and currency committee, yesterday reported to the house the bill to provide an elastic currency, introduced before the holidays and drawn in accordance with the views of the majority of the committee. Mr. Fowler has asked for a rule making the bill the special order for Thursday.

The state department has been informed by Minister Conger that the Chinese government has professed its utter inability to pay the Chinese indemnity on a gold basis under present conditions and has suggested that if the powers insist upon such payments of the indemnity then China should be allowed to collect the import duties in gold.

It is understood that a conference will be held between the Republican members of the sub-committee of the house judiciary committee and the president before the sub-committee reports its anti-trust bill to the full committee on Friday. Confidence is expressed that the measure which the sub-committee reports will have the approval of the administration.

Senator Morgan yesterday introduced a bill to extend the scope of the Sherman anti-trust law. It provides that the provisions of that law shall be so extended as to include "all persons and corporations hereafter engaged in producing, manufacturing, transporting, buying or selling any article for profit that is authorized to be acquired by purchase for the use of any branch of the government."

No action will be taken by the house committee on military affairs or by congress on the canteen question at this session, and no consideration is being given by the committee to any measure proposing the restoration of the canteen to the army post exchanges. This statement was made yesterday by Chairman Hull, who has been in receipt daily of a vast number of letters, telegrams and petitions from all over the country.

A bill was introduced in the house yesterday by Representative Gibson of Tennessee, making it the duty of the attorney general to apply to the federal courts for a receiver in the event of a strike or disagreement which stopped the operation of coal mines. The bill provides further for the appointment of a receiver for any transportation line whose operation is suspended by any disagreement between the company and its employes.

After the adjournment of the senate yesterday the Republican members of the senate committee on finance held a conference of more than an hour on the various resolutions before the senate for the removal of tariff on anthracite coal. They had before them the text of the house bill granting a rebate of anthracite duty for 12 months and practically agreed to accept it without alteration if the Democratic committeemen could be induced to allow it to be so reported without delay.

Frozen to Death.

Lancaster, Pa., Jan. 14.—The temperature fell to zero in various parts of the county and was five degrees above in the city early yesterday morning. John Kreider, aged 70, residing near Witmer, started for the house of a neighbor yesterday morning, when he became exhausted, and falling in the road froze to death. The mercury showed an upward tendency yesterday evening.

Marconi Company Organized.

Montreal, Jan. 14.—The Marconi Wireless Telegraphy company, of Canada, was organized here yesterday with a capital of $5,000,000 in a million shares of $5 each. It is stated that the capital has all been subscribed. The company acquires all the property of the Marconi company in Canada, including the station at Glace Bay, C. B.

THE NEW YORK STOCK MARKET.

Heavy and Weak and Closed Irregular—Bonds Moderately Active. Money 5 Per Cent.

New York, Jan. 14.—The stock market made a further reaction yesterday and was heavy or weak during most of the session, but made some recovery during the last hour, and closed irregular. Money advanced from 4½ per cent at the opening to 5 per cent, but no difficulty was experienced in getting it, and little attention seemed to be paid to the money situation by the operators in stocks.

Bonds were moderately active, but were irregular. Total sales, par value, $2,070,000.

United States 2s, old 4s and 5s advanced ¼ per cent, while the 3s, coupon, declined ¼ and the new 4s, coupon, ⅝ per cent on the last call.

THEY WILL FIGHT TO A FINISH.

Ohio Mine Workers Will Demand 25 Per Cent Increase and Abolition of Screen System.

Columbus, O., Jan. 14.—Ohio mine workers, in annual session, decided to present two propositions before the national convention at Indianapolis, on Jan. 1: An increase of 25 per cent in wages and the abolition of the screen system, with a determination to fight to a finish. The operators are willing to concede 5 per cent increase, it is said, but will fight any other request. W. H. Haskins was re-elected president and G. W. Savage secretary-treasurer. President Roosevelt's attitude towards the anthracite miners' strike was endorsed by Haskins in his report, which recommends an increase of the assessment for the defense fund to 1 per cent of miners' wages. It is now one-half of 1 per cent.

The report of the secretary-treasurer showed 28,000 of the 34,000 mine workers in Ohio enrolled in the organization. The membership has been doubled in the last four years. During the past year $79,903 has been collected and $33,250 expended, including a donation of $10,000 to the anthracite miners. The present balance in the treasury is $16,653. All resolutions in regard to demands to be made for an advance in wages were referred to the scale committee.

THE DEATH ROLL.

George L. Brownell.

New Bedford, Mass., Jan. 14.—George L. Brownell, the most prominent individual manufacturer of carriages in the United States, died in this city yesterday at the age of 80.

Dr. Eli H. Coover.

Harrisburg, Jan. 14.—Dr. Eli H. Coover, one of the best known physicians of this city and prominently identified with the Harrisburg academy of medicine, of which he was the first president, died early yesterday morning at his home here.

Dr. John Allard Jeancon.

Newport, Ky., Jan. 14.—Dr. John Allard Jeancon, who served as surgeon of the Thirty-second Indiana volunteer infantry in the War of the Rebellion and who afterward became a noted specialist in stomach diseases, died at his home here yesterday.

Sultan of Morocco Defeated.

London, Jan. 14.—The Tangier correspondent of the Morning Leader reports serious fighting outside of Fez. He says the sultan has been defeated and that he escaped to the westward. War Minister Menebbi, one of the sultan's pillars, was killed. All the consuls, excepting the British representative, has left Fez. Fighting among the tribes is also proceeding near enough to Tangier for the sound of shooting to be heard in the city. The population of Tangier is alarmed and is asking for the protection of warships. A local pacha took out a force to restore order, but he found it impossible to proceed, and has returned to Tangier.

Bloody Affray.

Cairo, Ill., Jan. 14.—At a dance at Moorehouse, Mo., Monday night, James and Dolpheus Hill, of Johnson county, Ill., became drunk and created a disturbance, and Marshal Dan Lance and Deputy Marshal John Taylor were called to restore peace. Dolpheus Hill shot and instantly killed Marshal Lance and James Hill fatally cut Taylor. The Hill boys started to leave the house, when Taylor shot and wounded one of them, but they succeeded in making their escape. Searching parties have been organized, but the Hills are still at liberty.

Conductors Want Increase.

Philadelphia, Jan. 14.—A committee representing the conductors on the New York division of the Philadelphia and Reading railway visited Superintendent Beach yesterday and asked for more pay and the betterment of working conditions. The action is the outcome of the recent readjustment of the company's wage scale, the conductors claiming that they were overlooked in the increase. The men asked for a uniform rate of $3.19 for a day of 11 hours. The present rate is $2.50 to $3 a day.

Perkins Succeeds Himself.

Sacramento, Cal., Jan. 14.—United States Senator George C. Perkins was yesterday elected to succeed himself by the legislature.

Spreading Rails.

St. Louis, Jan. 14.—The St. Paul passenger train on the Chicago, Burlington and Quincy road, due in St. Louis at 5:55 p. m., and running 50 miles an hour, to make up lost time, was wrecked yesterday evening by spreading rails five miles northeast of Alton, Ill., killing the engineer, Frank Horn, of Beardstown, Ill., and injuring four trainmen. The locomotive was overturned, the baggage, mail and express cars and one coach were thrown on their sides, and the Pullman sleeper and remaining coach left the rails, but remained upright. No passengers were injured beyond minor bruises.

Woman Shot to Death.

Roanoke, Va., Jan. 14.—Details reached here last night of a tragedy near Bramwell, a little town in the coal fields of West Virginia. Mrs. Maggie Riley is alleged to have promised to pay her son Hiram and Arthur Eller a sum of money to kill a woman named Mary Clark. The men, it is charged, went to the Clark woman's home and shot her to death. Eller and young Riley, with Riley's mother, were arrested and placed in jail charged with the murder. It is alleged that jealousy was the cause of the tragedy.

"Love lightens labor," the saying runs, and in a sense it is true. But even love cannot lighten labor or make it easy for the woman who is in constant suffering from inflammation, bearing-down pains or other womanly diseases. The one thing that can make work easy for women is sound health, and Dr. Pierce's Favorite Prescription is the thing that will give sound health to sick women. It cures womanly diseases which cause weakness, and cures the backache, sideache, nervousness and other ills which are the result of womanly diseases.

"I suffered from female weakness for five months," writes Miss Belle Hedrick, of Nye, Putnam Co., W. Va. "I was treated by a good physician but he never seemed to do me any good. I wrote to Dr. R. V. Pierce for advice, which I received, telling me to take his 'Favorite Prescription' and 'Golden Medical Discovery.' When I had used the medicines a month, my health was much improved. It has continued to improve until now I can work at almost all kinds of housework. I had scarcely any appetite, but it is all right now. Have gained several pounds in weight. Dr. Pierce's medicines have done wonderfully well here. I would advise all who suffer from chronic diseases to write to Dr. Pierce."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the paper-covered book, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

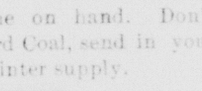
If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglect of kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart, over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.



Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Chronic Sores

Eating Ulcers, A Constant Drain Upon the System

And a source of worry, anxiety and endless trouble to those who are afflicted with them, particularly so when located upon the lower extremities where the circulation is weak and sluggish. A gangrenous eating ulcer upon the leg is a frightful sight, and as the poison burrows deeper and deeper into the tissue beneath and the sore continues to spread, one can almost see the flesh melting away and feel the strength going out with the sickening discharges. Great running sores and deep offensive ulcers often develop from a simple boil, swollen gland, bruise or pimple and are a threatening danger always, because while all such sores are not cancerous, a great many are, and this should make you suspicious of all chronic slow-healing ulcers and sores, particularly if cancer runs in your family. Face sores are common and cause the greatest annoyance because they are so persistent and unsightly and detract from one's appearance.

Middle aged and old people and those whose blood is contaminated and tainted with the germs and poison of malaria or some previous sickness, or excessive use of mercury, are the chief sufferers from chronic sores and ulcers. While the blood remains in this unhealthy, polluted condition healing is simply impossible and the sore will continue to grow and spread in spite of washes and salves or any superficial or surface treatment, for the sore is but the outward sign of some constitutional disorder, a bad condition of the blood and system, which local remdies cannot cure.

S. S. S. reaches these old chronic sores through the blood. It goes to the very root of the trouble and counteracts and removes from the blood all the impurities and poisons, and gradually builds up the entire system and strengthens the sluggish circulation, and when the blood has been purified and the system purged of all morbid, unhealthy matter the healing process begins, and the eating ulcer or chronic sore is soon entirely gone.

SSS

S. S. S. contains no mineral or poisonous drugs of any description, but is guaranteed a purely vegetable remedy, a blood purifier and tonic combined and a safe and permanent cure for chronic sores and ulcers. If you have a slow-healing sore of any kind, large or small, write us about it, and our physicians will advise you without charge. Book on Blood and Skin Diseases free.

Valdosta, Ga., September, 1900.
Swift Specific Co., Atlanta, Ga.

Dear Sirs:—Something like a rising came on my instep, very small at first, not at all painful, but as it grew larger and began to pain me I consulted a doctor, but in spite of all he could do the sore got worse and began to discharge; then other sores came until the whole top of my foot was one large mass of sores and I could not walk. Then my husband, who had been cured of Scrofula by the use of S. S. S., said he believed it would cure me. I began taking it and eight bottles cured me; my foot healed up nicely. I believe I would have been a cripple for life but for S. S. S.

BERESFORD'S VIEWS.

English Lord Express Himself a Strong Advocate of the Monroe Doctrine.

THINKS ENGLAND GOT LESSON.

Considers South American Republics a Menace to World's Peace and Says It Would Be Well for United States to Annex Them Entirely.

New York, Jan. 14.—Vice Admiral Lord Charles Beresford, who was a passenger on the Kaiserin Maria Theresia, which arrived yesterday, said:

"My visit to the United States has nothing to do with the International Mercantile Marine company. As an officer on the active list of the British navy, I cannot affiliate myself with private business enterprises. I have come here simply on a little business for the British admiralty and also on a pleasure trip."

Regarding the Venezuelan affair Lord Charles said:

"It will teach Great Britain a lesson of the extreme danger of perhaps international complications by allowing unlimited trade credit to bankrupt and unscrupulous republics like Venezuela and then trying to collect bad debts by coercion. I personally, am a strong advocate of the Monroe doctrine. These South American republics, however, are a menace to the world's peace as long as they persist in their unscrupulous commercial dealings with foreign countries, and it must be left to the United States to lift them from their present corrupt state or annex them entirely. The Hague court is the proper place to arbitrate the present dispute.

Hamlins Wizard Oil helped him at once and now not one of our family would be without it."

ANTHRACITE STRIKE HEARING.

The Delaware and Hudson Company Closed Its Case Yesterday and the Erie Investigation Begins.

Philadelphia, Jan. 14.—Having occupied nearly three days in calling witnesses to testify in opposition to the demands made by the anthracite miners, the Delaware and Hudson company closed its case before the coal strike commission yesterday afternoon and the commission's attention was then called to the conditions existing in and about the collieries operated by the Erie company. This corporation manages the Hillside Coal and Iron company and the Pennsylvania Coal company, and its counsel before the commission is Wayne MacVeagh, of Philadelphia, and Major Everett Warren, of Scranton.

One of the principal witnesses called before the commission yesterday was Thomas F. Torrey, general coal sales agent of the Delaware and Hudson company at New York, who testified that the company he represents is deriving no benefit from the present abnormal price which the public is paying for its fuel. Among other witnesses called by the Delaware and Hudson were two physicians, who gave testimony tending to show that the occupation of a mine worker is not so unhealthy as physicians for the miners have stated; a real estate agent, who testified to the amount of property owned by miners of the company, and an employe of the Delaware and Hudson, who made an investigation of wages paid to bituminous miners, which showed their pay was under that received by the anthracite miners.

General Wilson, owing to the illness of Judge Gray, again acted as chairman of the commission, and was several times called upon to intervene in the personal tilts between opposing counsel over the admission of certain evidence.

REQUEST UNDER DISCUSSION.

British Foreign Office Likely to Advocate Continuance of Venezuelan Blockade.

London, Jan. 14.—President Castro's request that the powers raise the blockade is still under discussion. The foreign office inclines to the belief that a suspension of the blockade would reduce matters to the same status that existed before the blockade began, and it appears probable that unless an expedient is devised Great Britain will advocate continuance of the blockade in some form.

Berlin, Jan. 14.—The foreign office officials here, commenting on the statement that Italy is supporting President Castro in his reported demand from the powers to raise the blockade before commencing negotiations at Washington, say this is quite incredible. They also assert that the United States has not asked that the blockade be raised.

London, Jan. 14—In a dispatch from Rome the correspondent of the Daily Mail says:

"President Castro, through the United States, has informed the three powers that he is disposed to pay the expenses of maintaining the blockade squadron in Venezuelan waters on condition that the blockade be raised immediately. He does of object to the warships remaining in Venezuelan ports.

"Italy is disposed to agree to this proposition, but she will be guided in her reply by the decisions of the other powers."

Caracas, Jan. 14—About 1,100 revolutionists under General Manuel Morales attacked Cumana, in the state of Bermudas, on the 4th, 5th and 6th of this month. Cumana was defended by 500 government troops. On Jan. 6, after a hard fight, which lasted for seven hours and which was witnessed by the British cruiser Tribune, the revolutionists abandoned the field, leaving 300 Mauser rifles and 29,000 cartridges behind them and 200 of their number prisoners in the hands of the government forces. The statement has been obtained from the prisoners that if the Cumana had been taken the revolutionary leader would have allowed his soldiers to sack the town for eight hours.

The revolutionists have been very active for the past week, knowing, as they do, that if the blockade is raised their cause will become much more difficult.

The cure is effected by home treatment. Entirely harmless and easily applied. Consultation and correspondence free and strictly confidential.

OUR MEDICATED BOUGIE NEVER FAILS TO CURE

THE FRANCE URETHRAL TREATMENT is a medicated Bougie for the cure of stricture and all forms of Diseases of the Bladder, Urethra, and Prostate Gland. The Bougies are inserted into the urethral canal upon retiring at night; they slip into position without the slightest effort, requiring short time to dissolve. They act like a mild electric current, invigorating and imparting vim and snap to the entire body. The curative effect is felt from the first application. Our special treatment completely dissolves the stricture and permanently removes obstructions from the urinary passage.

Treatment by Correspondence. Each person applying for Medical Treatment should bring or send from two to four ounces of urine, which will receive a careful chemical and microscopical examination. Over 5,000 cured hundreds of cases we have never seen. Write for book of 100 pages and list of 500 questions. Correspondence, Consultation and Examination free and strictly confidential. No names published without written consent. Treatment sent by mail or express to any part of the United States.

Call on or Address... The France Medical Institute Co., 38-40 West Gay Street, Columbus, Ohio. Next Door West of Inter-Urban Union Station.

Court Reconvened Wednesday.

Lisbon, Jan. 14.—(Special.)—Court adjourned Tuesday afternoon until 9 o'clock Wednesday morning, when Judge Hole is expected to be present.

In the case of W. G. Saint against W. A. Shaft and M. E. Thomas, leave has been granted the defendants to answer instanter.

In the case of Harmon Michaels et al. against the Wellsville Pottery Co. et al, leave is given the defendants, W. F. Blackburn, John W. Riley and George M. Aten, to answer by January 17.

Similar leave is granted in the case of James M. House against the pottery company.

A Rapid Recovery.

Nelson McCann, the aged farmer residing on the Franklin road who fell last fall and broke his hip, has had a remarkable recovery considering his age. The fracture was a bad one, but healed rapidly in spite of the fact that the man is nearly 80 years old. Saturday he was able, with the aid of crutches, to hobble out to his barn. He sits up and expects to be able to do his own farming the coming summer.

SALEM ESTATES

Receive Attention in Probate Court. Other Cases.

Lisbon, Jan. 14.—(Special.)—An order for distribution in kind has been given to Mrs. Maggie Orr of Salem, administratrix of the estate of Elizabeth Orr, deceased.

On application in behalf of Emma Beatty, widow of the late John G. Beatty, of Columbiana, a commission with a copy of the will annexed, has been issued to Fred E. Lodge to take the election of the widow, who is unable to appear in court.

James E. Maule of Salem, administrator of the estate of Margaret T. Maule, deceased, has been given an order for distribution in kind.

Charles E. and George M. Zimmerman have filed a motion for the removal of Susan Zimmerman because of incompetency as administratrix of the estate of John Zimmerman, deceased, of Salem township.

Many Cases of Chickenpox.

At present there seems to be a slight epidemic of chickenpox raging in the city, and children of all ages are suffering from mild attacks of the disease. For the past three weeks cases have been reported almost continuously, and many children have suffered, as well as a large number of grown people. No very serious cases have so far been reported, however.

Bill of Exception.

Youngstown, Jan. 14.—(Special.)—A bill of exception was filed Tuesday morning in the case of the village of Canfield against William Brobst, the whilom saloonist of that place, who has gone to jail rather than pay the fines that have been imposed upon him for violation of the village ordinance.

Ran Away.

Hanoverton, Jan. 14.—(Special.)—Roscoe Koffel, aged 16, a boy whom D. N. Speidel of this place took from the Fairmount Children's Home to raise about 18 months ago, ran away Monday. He left a letter which stated that he was going to Indiana. It is though his companions influenced him to run away.

Will Give Masquerade.

The local Swiss Maennerchor society is making arrangements for a masquerade ball to be given on the evening of Tuesday, February 24, in the Cook hall. A number from out of town are expected and the affair will be made the event of the year among the Swiss residents of the city.

Officers Installed.

A regular meeting of the members of I. M. U. No. 47 was held Tuesday evening. There was a good attendance and the officers elected some time ago were installed without extra ceremony. Five delegates to Trades council were elected. These delegates will probably be seated at a meeting of Trades council to be held Thursday evening.

TO PROTECT SONG BIRDS.

Toledo Milliners Defendants in Cases Under Game Laws.

A Toledo special says: This afternoon warrants were sworn out before a justice of the peace for the arrest of about 40 milliners, charged with unlawfully exposing for sale parts of the bodies of song birds. These wholesale arrests are the result of a crusade started by Deputy Game Warden Jim Stump. As yet none but retailers have been molested, but it is announced that wholesalers will have a chance to appear as defendants. The milliners are preparing to take one case to the supreme court.

Kodol does for the stomach that which it is unable to do for itself, even when but slightly disordered or overloaded. Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension while the inflamed muscles of that organ are allowed to rest and heal. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood. Hawkins' Drug Store and Bolger & French's Drug Store.
